

## Indkaldelse til ordinær generalforsamling 2017

&

Møde på engelsk:

### **Diet and prevention of ischemic heart disease - a translational approach**

Tirsdag den 28. februar 2017, kl. 13.30-18.00  
Auditorium A1-01.01 (1-01 Festauditoriet)  
Bülowsvej 17, Frederiksberg

**Kl. 13:30-17:00: Diet and prevention of ischemic heart disease - a translational approach (DIPI), see programme on page 2**

About DIPI ([www.dipi.dk](http://www.dipi.dk)):

Today's diet-related health problems mainly result from over-nutrition and nutritional imbalances. Contrary to previous studies, the DIPI project focused on the qualitative composition of diet and studied dietary patterns, substitution of energy-providing foods, substitution of macronutrients and development of cardio-metabolic diseases. Considering dietary patterns or specified substitutions of foods or macronutrients ensures a clear interpretation of study results and also provides a meaningful point of take off for development of dietary guidelines with a stronger focus on substitution messages.

**Kl. 17:00-17:30 - Pause med lækre snacks**

**Kl. 17:30-18:00 - Ordinær generalforsamling**

Se dagsorden på side 3

## Programme:

**13:30-13:35 - Welcome by Professor Susanne G. Bügel**

**13:35-13:50 - Introduction to diet composition and the DIPI project by Professor Kim Overvad**

**13:50-14:25 - Dietary patterns**

- Dietary patterns – identification and association with development of cardiovascular diseases  
*Associate Professor Christina C Dahm and post.doc. Camilla Plambeck Hansen*

**14:25-15:20 - Substitution of foods**

- Food substitutions and risk of cardio-metabolic diseases  
*Post.doc. Anne Mette Lund Würtz*
- Substitutions of vegetables and potatoes and risk of cardiovascular diseases  
*PhD student Mette Damborg Hansen*
- Substitution between dairy products and risk of stroke  
*PhD student Anne Sofie Dam Laursen*

**15:20-15:40 - Break with fruit, coffee and water**

**15:40-16:15 - Substitution of macronutrients**

- Substitution of macro-nutrients, gene-macronutrient interaction and development of type 2 diabetes  
*PhD student Sherly Li, MRC Epidemiology Unit, University of Cambridge School of Clinical Medicine*

**16.15-16:45 – Substitution of Dietary guidelines**

- The DIPI RCT on substitution of dietary guidelines: design and preliminary results  
*Professor Inge Tetens*
- The DIPI RCT on substitution of dietary guidelines: Assessment of micronutrient intakes  
*Eva Kontopodi*

**16:45-17:00 General discussion chaired by Professor Kim Overvad**

All are welcome (also non-members). There is no registration fee for this meeting, but it is necessary to register to join the meeting.

**Registration deadline is February 20<sup>th</sup> 2017 via [www.sfe.dk](http://www.sfe.dk)**

Should you need to cancel, please contact the organizer via [sfe@sfe.dk](mailto:sfe@sfe.dk)

## Ordinær generalforsamling

Dagsorden:

1. Valg af dirigent
2. Formandens beretning (v. formand, professor Susanne G. Bügel)
3. Regnskab 2016 (v kasserer Cecilie Kyrø)
4. Budgetforslag 2017, herunder fastsættelse af kontingent (v kasserer Cecilie Kyrø)
5. Valg til bestyrelsen. De bestyrelsesmedlemmer, der er på valg er:

- Rikke Andersen (ønsker genvalg)
- Rasmus Friis (ønsker genvalg)
- Morten Georg Jensen (ønsker genvalg)
- Susanne G Bügel (formand, ønsker genvalg)
- Kamille Almer (ønsker ikke genvalg)
- Mette Bredal Kristensen (ønsker ikke genvalg)

6. Valg af en suppleant og et studentermedlem til bestyrelsen
  - Suppleant Aileen Robertsen (ønsker genvalg) og studentermedlem Dorit Erichsen (ønsker genvalg)
7. Valg af kritiske revisorer
8. Behandling af evt. indkomne forslag til vedtægtsændringer
9. Eventuelt
